YOUR LIFE

6-WEEK TRANSFORMATION TRACKER

THE NEXT 6 WEEKS ARE GOING TO BE AMAZING.

I love challenging people to work hard physically, but this time it's not just about the "after" photos. I'm going to help you find the motivation, determination, and confidence to overcome the obstacles in your life. You'll discover what moving and sweating does to your overall being. I want you to feel strong inside and out, so you can be the best you can be.

Transform

YOU AND ME. LET'S WORK.

haun

Change doesn't happen overnight. It takes progress, every day. Over the next 6 weeks, you'll transform your body and your mind in just 20 minutes a day—without lifting a single weight. You'll get stronger, fitter, and leaner, while you work everything—legs, upper body, glutes, and core. This book will help you track your goals and your progress with Transform :20[™]. The more detail you put in, the more helpful it will be to keep you motivated and ready to finish strong.

YOUR TOOLS IN THIS TRACKER INCLUDE:

MEASUREMENT TRACKER

We recommend that you take your photos and measurements before your first workout, and again when you finish. The harder you push, the better your results.

COMMIT TO TRANSFORM

Setting goals is important. Sticking to them is even more important. Shaun T is asking for you to bring everything you've got for the next 6 weeks. Mind and body.

DAILY TRACKER

Your daily task is to write down your workouts, mood, meals, Shakeology®, and Beachbody Performance™ supplements—all the important things for a true transformation.

TRANSFORMERS

There are 3 daily Transformers that will challenge you to do your best. You'll want to track your progress to see how you do, week after week.

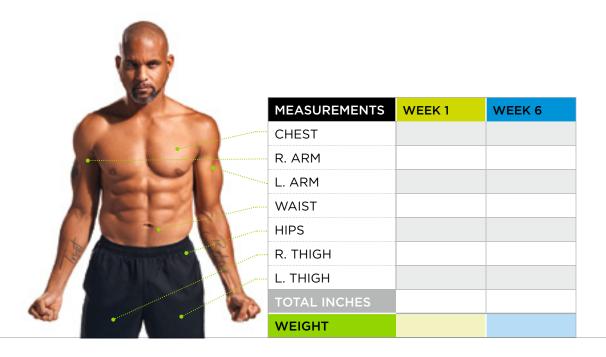

SHAUN-FIRMATIONS

Shaun T is giving you a daily dose of motivation to keep your head in the game and keep you focused on what matters most—you.

MEASUREMENT TRACKER

The best way to see how much your body is transforming is to take progress photos and keep track of your measurements.

COMMIT TO TRANSFORM

I **COMMIT** to TRANSFORM everything. My body, my life, my mind.

I am willing to work. I know it starts with my mind, but I'm also ready to **CLIMB** farther and push my body.

I am ready to keep going long after these 6 weeks are over and **CONQUER** what's next.
